

May 13, 2022

Because worker shortages continue to affect us there are some changes to our policies for pick ups and deliveries. Please read this excerpt from the 2022 catalog.

If you plan to pick up your order, please place your order and notify us of your desired pick-up day and time at least 24 hours in advance. **During April thru June, we will need 48 hours in advance.** Orders placed at least 24 hours in advance are given top priority. All other orders are picked on a first come, first served basis. We understand that your situations can change based on weather conditions. We will do the best we can to accommodate your needs.

You will receive a 4% discount on your pick-up order only if we are notified at least 24 hours in advance.

\*Orders faxed or emailed after 12 noon on Saturday for pick up on Monday morning will not receive a discount.

\*Calling ahead on your cell phone when you're on your way to pick up is not advance notice.

\***Customers who drop-in without placing their order ahead of time (even for "just a few pots") will not receive a discount and may need to wait a considerable length of time for service. With the anticipation of a continued labor shortage in 2022, we will likely have to ask you to come back another day.**

\* **If your order is placed ahead but without a requested date (Will Call) and you do not notify us 24 hours in advance of your desired pick-up day and time, no pick-up discount will be given and you will need to wait for service. With the anticipation of a continued labor shortage in 2022, we will likely have to ask you to come back another day.** It is not fair to those who have placed their orders ahead of time to service customers who haven't scheduled their pick-ups ahead.

Please notify us in advance of changes to your pick-up order. Significant changes when you walk in the door will result in a loss of the pick-up discount. We can accommodate your changes much more efficiently if you give us even a little warning.

### Delivery to landscape job sites

!LANDSCAPERS! There are several things to keep in mind:

**\*We are anticipating a continued shortage of order pickers and drivers for spring of 2022. THERE WILL BE NO DELIVERIES TO JOB SITES FROM APRIL 15 TO JUNE 15. We cannot be certain of delivery times and availability of drivers and order pickers.**

\* For the rest of the year, you need to schedule the delivery ahead of time. We have more flexibility during the rest of the year.

**And, if you know of someone who could benefit from this information, please pass it on!!!**
